I Still Wear Your T-Shirt in Bed, When You're Not Looking

by [SpaceWaffleHouse](#)

Summary

They're exes who went through a really bad breakup but still share an apartment because their stupid soulmate-identifying marks itch like hell when they're apart for too long. They communicate solely via text/post-it stuck on the fridge.

A love to hate to love story.

Notes

I have only seen the show lol but they won't leave me alone

No clue how long this will be but it's all texts and tweets, hence the brevity 😂

Chapter 1

Your turn to do the laundry. It's been three days I think your shirts have mildewed.

Aleksander "the ex"

Today 9:05 AM

Really? A post-it? You could do better.

You weren't responding to my texts. It's been three days. I want to wash my clothes.

I told you I wanted space, I had you muted.

And why would I talk to you when you want space unless it's to ask for you to do your fucking laundry?

 You should just move out if it bothers you that bad.

Alina, we both know why I can't do that.

Truly unfortunate. Maybe you should just move into the apartment on top of ours and that way we can actually avoid each other.

We both know that wouldn't work either.

I hate this

I know

Today 8:13 PM
Did the laundry.

Great

It mildewed so I had to run it again.

I know you were right, but don't be petty about it.

I wasn't planning to.

Sorry for the awkward eye contact earlier, too.

Not much we can do about that, is there?

No, guess not.

Don't suppose we could try the friends thing again?

It hasn't been enough time.

Alina, this isn't working. We can't be near each other, but we have to be. We need to TRY to get along.

Aleksander, it's been three weeks. I need more time.

Time for what?

To get over you. To forget how it feels to love you, I don't know, there's a lot to unpack.

As if I could ever forget the way you kiss. Or how you move, breathe, or everything else we had in the past two years... I could go on about the things we want to forget.

Today 9:05 PM

I know.

So what do we do?

I can hear you moving around out there.

Don't ignore the question, Alina.

What are you making?

Pasta, maybe I'll give you some if you answer me.

I don't have to do that anymore. I'm not yours.

This says differently.

I'm sorry about earlier. We can talk about it later, but right now your pasta smells really good and I wanted to know if I could dive into the fridge and eat some?

-Alina

Sure.

-Aleksander

Aleksander "the ex"

Today 2:05 PM

Sorry we didn't talk last night. I chickened out, stole your pasta, and hid in my room

I figured.

God this sucks

I keep staring at the mark. Why would it be there if we wound up hurting one another so badly?

Maybe if you work on your communication issues, we wouldn't have a problem.

I told you I was sorry. What more do you want from me? How much longer will it take for you to just forgive me?

I am not ready. I don't know if I'll ever be able to be ready.

We haven't fought in three weeks.

We haven't SPOKEN in three weeks.

Today 2:59 PM

Not for lack of effort.

It's a sign that we're not ready.

Today 10:22 PM

Hey can you fix the dishwasher? It crapped out in the middle of this load and you are more mechanically inclined than I.

Not by much. Might want to call our landlord instead.

You're closer than our landlord.

Feels like a lot of distance to me.

I would've thought you'd say, "not enough."

You and I both know why we have to be close.

Yes, we do.

...I guess I'll try and take a crack at the dishwasher. But I can't promise I'll be able to do anything.

Thank you.

Genya

So what happened?

Well, to make a very long story short, our dishwasher broke down and he asked me to fix it. He didn't leave the room while I fixed it.

Mal

Was he an ass?

Genya

I have... low expectations.

He was... quiet. I think he knew not to say too much. We aren't ready for that. I just wish I didn't have to see his stupid mark the whole time. I mean we both tried to hide it, but what good does it do?

We mostly just talked about dividing up chores, but my Mark stopped itching as much. It was itching for dAYS. Literally days. I hate this. I have to be near him but I can't.

Mal

Is this a normal thing with soul marks?

Genya

Only after you've kissed your soulmate if I recall correctly.

Genya

One of the reasons I'm glad I don't have one, and why I'm so sorry you're going through this, Alina.

Yes. Only after you've kissed. Which we did, an ungodly amount of time. We we're together for two years.

And we'll be living together for god knows how many more until they figure out how to remove soul marks.

Genya

They will one day. I have faith 💖

You have more faith than me.

Alina, it's been two days. Can we please stop avoiding each other? We were making progress, I'd like to keep going.

—Aleksander

That depends on if we can have another conversation without either a manipulation or miscommunication.

—Alina

P.S,
We have phones, why aren't we texting?

Aleksander "the ex"

Today7:51 PM

You know when you write me a letter that's not about doing the dishes or something, you sound like a heartbroken 19th century hero pining for his lost love?

I mean, it's not the 19th century, but that isn't entirely wrong.

Please talk about anything else.

I know it was nice when we fixed the dishwasher together but the only reason we feel anything is the Mark.

I have that fear, too, but there has to be more to this than just destiny.

Why don't we just watch Netflix together in silence tonight? We were halfway through Stardust when we broke up.

I guess so. But you broke up with me... remember?

That may be, but you didn't fight for me to stay, remember?

Tonight was better than I expected. Maybe we'll manage this shit after all.

Don’t push it.

I was just trying to make a joke.

I just don’t want this to become a two steps forward,four steps back situation.

It won’t. We’ll figure out a way to exist around each other, I know this.

You are better at waiting than I am.

I always have been.

You’ve always been an ass, too. 🙄

You used to like that.

Used to.

And now?

We’ll see.

If only we could forget what we went through. If we could do that, we could start over.

Aleksander “The Ex”

05/14/21 6:34 PM

Did you pay the utilities bills?

Yeah, why?

Just checking. I don't want our gas company getting on our asses again.

They're dicks, but still.

I will always pay everything on time, I promise.

Well, you also promised not to break my heart so I'm sorry if I'm a bit skeptical.

Wow, so we're going THERE tonight, huh?

You know how you try not to be bitter about something, but you're really... really bitter about it?

Yeah, I suppose.

You also happen to be the only person I can talk to about it so 😊 Unfortunately you're going to get half of my venting.

What about your friends from the Psych program? Don't you talk to them about it?

There's only so much they can do. Neither of them has a soulmate. They don't understand the more complicated parts of it. Like how badly I still need you even when we're apart.

Sure, but are you quite certain that's all there is to it? Is it really that simple for you?

05/14/21 6:55 PM

It's that simple. We only still speak because of this mark. Nothing more.

05/15/21 12:36 AM

Aleksander? I heard you leave earlier and it's getting late. Where are you?

05/16/21 7:58 PM

Please come home. I'm worried about you. And I know your mark must be hurting by now, mine is. I'm sorry for what I said, but sometimes the truth is painful.

05/16/21 10:24 PM

Fuck maybe I shouldn't have said that either. Where are you????

Today 12:35 AM

When are you coming home?

I don't know what you mean.

It's been three days. Where did you go?

I needed space.

So is your mark itching as bad as mine is?

Shut up.

Just come home. Please. I need you.

I wish we didn't have to do this.

We don't have a choice.

How many times can I possibly tell you "I know?"

Mal.

Guys. Relax. I'll be okay. It's just the shitty, shitty part of having a soulmate, especially one you no longer get along with.

Genya

Okay but the amount of shit we've heard about since you guys broke up is unholy. Y'all need to talk.

Believe me, I wish it were that simple.

Mal

We're here for you. Always. Even if he isn't.

Gotta go, I just heard him unlock the door. I'm about to give him a piece of my mind.

Dear Aleksander,

Sorry to be writing so formal a letter, but I don't know how to reach you and I feel like I've run out of options.

What you did the other day was unacceptable. I found out you were on your way home shortly before writing this, so hopefully I have time to finish and slide it under your door as quickly as I possibly can, because I have a lot to say.

For starters, my mark is fucking burning. No amount of neosporin or icing it will help ease the ache, and I can't imagine it feels better for you. I know you're in pain, I know this whole thing hurts you, but remember how much it hurts me too before you do this again. I need you to feel that pain and remember you're not alone in it.

When one of us suffers, both of us do.

I miss the way we were more than words can say. But this isn't how we get that back or become something that our bond will allow, this is how we destroy ourselves further. Leaving abruptly? We can't do that. I won't do it to you, so please, don't ever do it to me again.

I know you miss loving me, and I miss loving you, too. Time hasn't healed those wounds yet. We're not done. We're not even close.

I plead the fifth.

Genya

OH????????????????

Mal.

ALINA!!!!!!!!!!

So what happened?

Did you even talk to each other first or was it a lot of yelling and???

So he got home, and I'd left him this letter, right?

Genya

Oh my god y'all still write letters to each other? I hate you both so much you're so pretentious.

I love you though

Shush.

Anyway. He read that letter when he got home, not long after I signed off with you earlier? He uh... Came into my room. He was kinda mad, but I was the one who started yelling first.

Mal

So without saying too much... What happened after that?

So he started talking about how I was a hypocrite for being pissed at him for leaving because I was

the one who broke up with him? But I yelled at him because I only broke up with him because HE COULD NOT GO A DAMN DAY WITHOUT MAKING EVERYTHING EITHER ABOUT HIM OR MANIPULATING ME INTO THINKING IT WAS MY FAULT.

He went "I didn't mean for you to feel that way, I was just trying to deal with my shit."

I called him out and said "Well, you need to find a better way of dealing with your shit?"

And he went "Why didn't you try to help me?"

And I was like, "I am not responsible for how you handle yourself, and to put that on me makes you a dick!"

And he said to me, "Well, sure, but you could've done something!"

And I asked him "What the FUCK do you think I could've done? What do you think I could've done to prevent this?"

And he once again pointed out that, "YOU BROKE UP WITH ME ALINA NOT THE OTHER WAY AROUND"

So I told him "You could've fought for me, for us."

Then he asked me, "How? What could I have done differently?"

I didn't know what to say. I just kind of stood there with my mouth opening and closing like one of those grouper fish?

Basically, I don't know if he got tired of conversation or if he was just thinking about doing this the whole time because he sure as shit stopped looking at my eyes about midway through the conversation, but next thing I know he's got those stupid hands of his on my jawline and he's kissing me and I like MELTED into it dude. I TRIED to be strong but I just fucking melted into his arms and the bed was right there, and?????

I think I'll spare you the details.

Mal

Holy shit.

Genya

Was it good though?

I plead the fifth. And any other relevant amendments. ANYWAY he's coming back, he was in the kitchen making me a post-sex burger. It's an old tradition of ours. One I kinda missed.

Genya

WOWWWWW. Ok OK OK. Go have fun, but keep yourself safe, okay babe?

Mal

 I still have a knife at the ready. So does Genya.

I know. See you soon 🙄

Dear Alina,

Sorry to leave a big dramatic letter on your pillow, but to be fair, yesterday, you left one on mine.

I've gone to get breakfast. I'll bring you back something since I know what you like but you don't have to accept it. I just hope you consider it an extension of last night's olive branch.

At least, I hope last night was an olive branch. You certainly kissed me like it was, almost as if you missed me. Makes me wonder if you miss me as much as I miss you--the kissing and such, at least.

I know we have a lot more work to do, though I suspect there's a reason I'm currently blocked by you on twitter. I hope it's because the walls are cracked, that we can take another step forward.

Also, regardless, last night was remarkable. I don't care how quickly anything else progresses, but please, for the love of all that is unholy, please tell me that will happen again.

Chapter 3

Chapter Notes

honestly the html is starting to be a fun challenge at this point.

Aleksander “The Ex”

Today 1:23 PM

Fuck you.

What the fuck did I do now?

I am five minutes from my last final of undergrad, and I am fucking SORE. I can’t get comfortable in my seat! I am going to be thinking about YOUR DICK. The ENTIRE TIME. And I hate you for it.

I mean, you’re in psychology. Freud would be having a field day with you right now, right?

There are so many things wrong with that sentence-namely that Freud has noTHING to do with the class I’m taking (thank god) AND he wasn’t the only one obsessed with dicks.

True, you also seem to be obsessed with dicks.

I’m going to fucking kill you

Take out everything between that I and the second L and that sounds lovely, actually.

Aleksander, please. I have a test in five minutes. I’m only here to yell at you for the LIMP I am walking with.

Correct. HOWEVER will you pay me back for this?

We can’t keep having sex. We’re broken up. It’s not healthy.

But it feels good, doesn’t it?

I am not answering that.

You can’t tell me you didn’t miss my hands, my tongue... my cock. You were something wild last night.

This isn’t all on me, you kissed me like it was your last day on earth, you wanted it just as badly.

That’s how I ALWAYS kiss you.

No it was definitely more intense this time. You had me against the wall, I thought you were going to make me one with the wood.

Well, I suppose I did in one sense of the word.

I'm blocking your number I swear to god.

Today 3:15 PM

How did it go?

I'm far too exhausted to answer that right now.

But it's over, isn't it?

Yeah. Are we at the level where you'll massage my shoulders when I get home like you used to or should I go get coffee with Genya and Mal?

Promise not to yell at me?

I can't make that promise.

Alina, this is a two way street. If I'm trying to meet you in the middle, you need to try to meet me there, too.

I know, but I'm??? This is hard. I like that we're flirting and joking again, but I don't want to put too much into this. Just because we had sex-admittedly mindblowing sex-doesn't mean that we're done unpacking everything that led to us breaking up.

True, but we could keep having "admittedly mindblowing sex" until that happens. It's a good way to pass the time since we have your impending graduation to celebrate.

... I'll be home in five minutes.

I love getting my way.

You better shut the fuck up before I change my mind.

I sort of like it when you surprise me.

Please shut up.

See you in five?

Dear Alina,

You won't see this until your graduation party, but I wanted to write it anyway. Right now, you're sleeping, curled up next to me, and snoring like the devil in that specific way I find oddly charming.

But I suppose that's what happens when you love someone. Even the annoying bits about them are endearing. Not that I hate your snoring, I've felt empty these last few weeks without being able to hear it. Between that and the damned mark itching every time I've been away from you, I thought for a moment I was starting to go mad.

I am sorry for what I did to you, for my part in our decision to end our relationship. I'm sorry for all of it. I should've realized long ago that nothing, absolutely nothing, was worth losing you. You are my soulmate, my destiny, and while sometimes it makes me feel like we have no choice in our lives, I think it's actually meant to be a light guiding us home when we're lost.

We are lucky. We always know which way we're going, always. I will always find my way back to you, if you are willing to find your way back to me.

I'd like to make that step now, to find what we were and make it better.

That's how we end our suffering. That's how we stop hurting.

Yours,
Aleksander.

Mal

Don't be shy, Alina. Give us the tea ☕

Genya

If you're willing 💕

I'm willing to, it's just.. Ok the gist of it is he's still in love with me, and he's hopeful that given the most recent... EVENTS that we're going to get back together.

The weird thing is,,, I kind of agree with some of the things he said. I kind of want to get back together, too.

Genya

👁️Listen,,, be careful, but uhhhhhh y'all are clearly still PINING.

Basically I support you but with caution ✨

Yeah, that's fair. I just miss the way we used to be. I know we're never going to get that back-not completely-but I just want to get out of this limbo we've been in.

Mal

Understandable. Look, we've got your back no matter what you do, but we'll beat his ass if he hurts you again.

Genya

By the time we're done with him, he won't have an ass to beat.

Today 8:48 PM

You got the booze yet?

I'm already on my way back.

You're a prince.

Ooh, your tune's changed.

shut up

I'm right, though. Just two days ago you would've still been calling me a good for nothing piece of shit.

You're doing me a favor, babe.

Sure, but... can we talk about something before I get back on the road?

What?

I know you saw my letter.

Oh. Right. I did. What about it?

Alina, I want you to know that I meant every word. I want you to feel safe in choosing to return to me. All I want is for you to be happy.

I know, I've just been processing it. I've never had anyone say things like that before you.

Well, I am your soulmate.

Maybe. Speaking of, you need to get on the road soon. My mark is achey.

Oh, believe me, I'll head out soon, just tell me one thing first.

What?

My letter. I want to know your thoughts.

Do you really want to hear something that important over a text message? Aleksander, I know you're ready to hear my response, but this wouldn't really be hearing it, would it? You'll be home in a few minutes if you get your stupid ass on the road.

I figured it was worth a try.

I know you did.

Just so you know, when I get home, there's probably going to be a good chunk of groveling before I let you speak.

You're an idiot

But I love you.

Well that seems like a good sign.

CHRIST. I'm a whole fool. Just get in your car and GET HERE.

You fucking egghead.

See you soon.

Bye... dickhead.

Genya

Being friends with them is a chore omg. Love them though.

Mal

Yeah yeah I know. Anyway. So He like PICKED HER UP? Threw her over his shoulder FUREMAN STYLE

Genya

Mal

Genya

Deadass. BUT DOES THIS MEAN WHAT I THINK IT MEANS??? they're back together?

Mal

Probably. I feel like if the music weren't so LOUD we'd be able to hear the bedsprings hitting the wall.

Genya

HAHAHAHAHAHAHA GET IT ALINA LMAOOOOOOOOOOOO

Mal

Genya

Agreed... but also like...

Get ittttt

Today 4:24 AM

Y'all... what the fuck.

Mal

Hello, Alina, how was the sex?

Genya

Mal you're a fucking menace.

Why are you both still awake?

Mal

Last great party of college, I'm pulling an allnighter. I am disappointingly not drunk anymore, though.

Genya

I told Mal if he babysat me I'd at least keep him company the whole time.

Fair enough.

So uh... Aleksander and I are back together.

Mal

Oh?? You sure about that?

Pretty sure, we had a really long conversation about it... maybe it was while we were uh engaging in uh foreplay but uhhhh I think it was worth it 😊

Genya

Christ I hate you so much.

Mal

The worst. But are you okay? Are you happy?

You know what? I think I am. We've been through some hell, but we made it this far. I think we'll be okay.

Genya

I hope you're right.

YEah, me too.

Aleksander,

Good morning. I went to get you coffee to return the favor you did me the other night. I think I'll get myself something a little sweeter this time, though.

Anyway, I think it's time for our letter writing and dramatic texts/tweets to end. We're done refusing to speak to one another, and I think it's for the best that we try and communicate more face to face. I finally feel like we're at a place where that's a possibility for us.

I love you, and I'm sorry I ever lost sight of that.

Yours,
Alina

Alina,

I couldn't agree more.

Yours,
Aleksander.
